Jones Lang LaSalle Reports First-Quarter 2010 Net Income

Adjusted EPS of \$0.14 excluding Restructuring and Certain Non-Cash Items

CHICAGO, April 27, 2010 – Jones Lang LaSalle Incorporated (NYSE: JLL), the leading integrated financial and professional services firm specializing in real estate, today reported net income of \$0.2 million on a U.S. GAAP basis, or \$0.01 per share, for the quarter ended March 31, 2010, compared with a net loss of \$61 million on a U.S. GAAP basis, or \$1.78 per share, for the quarter ended March 31, 2009. Adjusting for Restructuring and certain non-cash co-investment charges in the first quarter of 2010, net income would have been \$6 million, or \$0.14 per share, compared with an adjusted net loss of \$22 million, or \$0.65 per share in 2009. Net income in the first quarter benefited from continued momentum from the fourth quarter of 2009 and the transition to a more variable compensation structure in a number of the firm's transactional businesses. The firm's adjusted earnings before interest, taxes, depreciation and amortization ("adjusted EBITDA") was \$37 million for the first quarter of 2010 compared with adjusted EBITDA of \$11 million for the same period in 2009. Revenue for the first quarter of 2010 was \$581 million, an increase of 18 percent in U.S. dollars, 12 percent in local currency, compared with the first quarter of 2009.

First-Quarter 2010 Highlights:

- **Revenue up 12 percent in local currency driven by increased activity across all operating segments**
- **Transactional revenue recovering**
- **Continued solid growth in corporate outsourcing business**
- **Significant new client mandates in LaSalle Investment Management**

First-quarter results included \$1 million of Restructuring charges as well as \$6 million of non-cash co-investment impairment charges. Restructuring charges are excluded from segment operating results although they are included for consolidated reporting. Non-cash co-investment impairments are included in Equity losses at the consolidated and segment reporting levels.

“We are encouraged by our solid first-quarter results, which were broadly based across geographies and service lines,” said Colin Dyer, Chief Executive Officer of Jones Lang LaSalle. “Business prospects for the year are improving and we are moving forward with confidence, but with a close watch on market dynamics.”

The credit facilities balance was significantly lower at March 31, 2010, despite paying nearly all 2009 incentive compensation by March 31, 2010, compared with 2009 when the majority of incentive compensation was paid in the second quarter.

The firm announced that its Board of Directors declared a semi-annual dividend of \$0.10 per share, consistent with dividend payments made in December 2009. The dividend payment will be made on June 15, 2010, to holders of record at the close of business on May 14, 2010.

The region's EBITDA for the first quarter of 2010 was \$18 million, compared with \$11 million for the same period last year.

- **EMEA's** first-quarter 2010 revenue was \$151 million compared with \$121 million in 2009, an increase of 25 percent, 17 percent in local currency. Operating expenses were \$161 million in the first quarter, an increase of 13 percent from the prior year, 6 percent in local currency, primarily due to increased variable compensation expense related to increased transactional activity levels across the region.

The region's EBITDA for the first quarter of 2010 was a loss of \$5 million, compared with a \$16 million loss for the same period last year.

- Revenue in the **Asia Pacific** region was \$136 million for the first quarter of 2010, compared with \$105 million for the same period in 2009, an increase of 29 percent, 15 percent in local currency. The year-over-year increase was driven by transactional revenue improvement compared with a year ago.

Operating expenses for the region were \$130 million for the quarter, an increase of only 7 percent year over year in local currency, despite incremental costs related to serving more corporate outsourcing clients and higher variable compensation associated with increased transactional revenue.

The region's EBITDA for the first quarter of 2010 was \$9 million, compared with a \$1 million loss for the same period last year.

LaSalle Investment Management

LaSalle Investment Management's first-quarter Advisory fees were \$59 million, comparable with \$60 million in the first quarter of 2009, though down 7 percent in local currency. The business recognized \$6 million of Incentive fees in the first quarter of 2010 after reaching specified performance objectives against established benchmarks. Asset purchases, a key driver of Transaction fees, were limited by the low levels of attractive assets available.

Equity losses	(6.3)	(29.2)	78%	78%
Total revenue	\$ 59.1	\$ 37.0	60%	50%

During the quarter, LaSalle Investment Management secured new separate account mandates and portfolio takeovers of over \$3 billion and raised nearly \$400 million of net equity for its funds and public securities business. The significant number of new commitments and portfolio takeovers reflects LaSalle's strong performance track record and reputation in the market. Assets under management were \$39.9 billion, flat compared with December 31, 2009.

Summary

The firm's solid start to 2010 resulted from improved revenue from transactional businesses, the growing annuity revenue base and ongoing expense management. The transition to a more variable compensation structure also contributed to improved profitability in the typically loss-making first quarter. The firm is encouraged by a solid first-quarter performance and will continue to focus on providing superior service to clients to grow market share.

JONES LANG LASALLE INCORPORATED
Financial Statement Notes

1. Charges excluded from GAAP net income (loss) to arrive at adjusted net income (loss) for the quarters ended March 31, 2010, and March 31, 2009, respectively, are integration costs related to the Staubach and Kemper's acquisitions completed in 2008, severance costs and non-cash co-investment charges.

Below are reconciliations of GAAP net income (loss) to adjusted net income (loss) and calculations of earnings (loss) per share ("EPS") for each net income (loss) total (in millions after tax, except per share):

	Three Months Ended March 31,	
	2010	2009
GAAP net income (loss)	\$ 0.2	\$ (61.5)
Shares (in 000s)	43,950	34,618
GAAP earnings (loss) per share	\$ 0.01	\$ (1.78)
GAAP net income (loss)	\$ 0.2	\$ (61.5)
Restructuring, net of tax	0.9	14.5
Non-cash co-investment charges, net of tax	5.0	24.6
Adjusted net income (loss)	6.1	(22.4)
Shares (in 000s)	43,950	34,618
Adjusted earnings (loss) per share	\$ 0.14	\$ (0.65)

Basic shares outstanding were used in the calculations of 2009 GAAP and adjusted EPS as the use of dilutive shares outstanding would have caused those EPS calculations to be anti-dilutive.

2. Adjusted EBITDA represents EBITDA adjusted for Restructuring and non-cash co-investment charges. EBITDA represents earnings before interest expense, net of interest income, income taxes, depreciation and amortization. Although adjusted EBITDA and EBITDA are non-GAAP financial measures, they are used extensively by management and are useful to investors and lenders as metrics for evaluating operating performance and liquidity. The firm believes that adjusted EBITDA and EBITDA are indicators of ability to service existing debt, to sustain potential future increases in debt and to satisfy capital requirements. EBITDA is also used in the calculations of certain covenants related to the firm's revolving credit facility. However, adjusted EBITDA and EBITDA should not be considered as alternatives either to net income (loss) or net cash provided by (used in) operating activities, both of which are determined in accordance with GAAP. Because adjusted EBITDA and EBITDA are not calculated under GAAP, the firm's adjusted EBITDA and EBITDA may not be comparable to similarly titled measures used by other companies.

Below is a reconciliation of net income (loss) to EBITDA and adjusted EBITDA (in thousands):

	Three Months Ended March 31,	
	2010	2009
Net income (loss)	\$ 246	\$ (61,475)
