Jones Lang LaSalle Renews Oldcastle Glass® Engineered Products' Lease in Modesto, Calif.

Extends occupancy of 64,000 SF manufacturing facility at 812-816 Kiernan Avenue

SAN FRANCISCO – June 22, 2009 – Jones Lang LaSalle announced a renewal of Oldcastle Glass Engineered Products' lease at 812-816 Kiernan Avenue in Modesto. A subsidiary of Oldcastle Inc., the firm features the most comprehensive collection of fully-integrated, best-in-class curtain wall, storefronts, windows, architectural glass and skylights from one source.

The lease renews the tenant's occupancy of 64,100 s.f. at the property. The Modesto location is one of several manufacturing facilities operated by the company in the United States.

The Northern California Industrial team of Jason Ovadia and Kevin Ahaesy of Jones Lang LaSalle represented Oldcastle Glass®, North America's leading supplier of architectural glass and aluminum glazing systems used to close the building envelope.

Brandon Farrell of Hall Equities Group represented the landlord, California-based Libitzky Holdings, LP.

Jason Ovadia of Jones Lang LaSalle commented, "With the current economic climate, 2009 is an opportunistic time for tenants to capture value in their real estate. By extending the term of lease commitments, tenants realize an immediate savings while allowing landlords the benefit of longer term tenancy."
